AKEMI TAKEYA (AT/JP)

Little Stories About S.O.S. Signs Of Solidarity | Group Version

It is an emergency call. Akemi Takeya is sending out an S.O.S. At ImPulsTanz Festival 2015 her extensive and brilliantly witty group piece will celebrate its world premiere with 3 male and 1 female performers! In the first part of the performance the ensemble presents a medley of 32 interpretations of different meanings of S.O.S., such as "Sensation Of Sense" or "Song Of Soul". The second part is a voyage transforming the 32 elements into theatrical short stories exploring the performance language of the first part. Following her written "Performance Recipe Book" the Japanese born Viennese choreographer Akemi Takeya welcomes us in her creative world where she and her ensemble unfold little stories about a metaphoric state of emergency that are rich in imagery, astonishingly constructed, and will get under your skin!
